## Nonfiction Debut Author Spotlight: Alex Riley

This author of popular science articles has written for *New Scientist* and other publications. His first book-length work of nonfiction is ***A Cure for Darkness: The Story of Depression and How We Treat It***.

The publisher calls it "a fascinating look at the treatment of depression, blending journalism, science, history, and memoir, by an award-winning science writer," and goes on to describe it as follows:

"What is depression? Is it a persistent low mood or a complex range of symptoms? Is it a single diagnosis or a diversity of mental disorders requiring different treatments? In *A Cure for Darkness*, science writer Alex Riley explores these questions, digging into the long history of depression and chronicling the lives of psychiatrists and scientists who sought cures for their patients."
