## ***The Death of Truth***

by Steven Brill

"How did we become a world where facts—shared truths—have lost their power to hold us together as a community, as a country, globally? How have we allowed the proliferation of alternative facts, hoaxes, even conspiracy theories, to destroy our trust in institutions, leaders, and legitimate experts? Best-selling journalist Steven Brill documents the forces and people, from Silicon Valley to Madison Avenue to Moscow to Washington, that have created and exploited this world of chaos and division—and offers practical solutions for what we can do about it."
