# September 2024 Nonfiction Titles

***By the Fire We Carry***  
by Rebecca Nagle

“A powerful work of reportage and American history that braids the story of the forced removal of Native Americans onto treaty lands in the nation’s earliest days, and a small-town murder in the 1990s that led to a Supreme Court ruling reaffirming Native rights to that land more than a century later.”

***Hope for Cynics***  
by Jamil Zaki

“Through science and storytelling, Jamil Zaki imparts the secret for beating back cynicism: hopeful skepticism. This approach doesn’t mean putting our faith in every politician or influencer. It means thinking critically about people and our problems, while simultaneously acknowledging and encouraging our strengths.”
